Becoming a Tech Wise Family

1. Develop wisdom and character together as a family
2. Create more than you consume
3. **Live according to the rhythm of work and rest. So, one hour a day, one day a week, and one week a year, we turn off our devices and worship, feast, play and rest together.**
4. Devices "go to bed" before we do and they "get up" after we do
5. No screens before double digits (age)
6. Use screens together for a purpose, not aimlessly and alone
7. Car time is conversation time
8. Spouses have one another's passwords and parents have full access to children's devices
9. Sing together (create music) rather than consume the music of others
10. Show up (physically) for the big events of life
